ENROLLING AT GOWRIE STREET PRIMARY SCHOOL

When you call to enrol at Gowrie Street, we will ask you your address so that we can check that we are your 'designated neighbourhood school' (DNS). This is in line with DET [Placement Policy](#).

Every child has the right to be admitted to their designated neighbourhood government school and where we are yours, we will continue with the steps to enrolment including a school tour where this is possible.

If we are not your designated neighbourhood School we will let you know which is/are and encourage you to call or visit those schools

Students are able to apply for a place Gowrie Street that is not their designated neighbourhood school if they have visited their DNS and have found that Gowrie St is their preferred option.. All students who seek enrolment at Gowrie Street, outside of their designated neighbourhood school will be enrolled if there are sufficient places available.
